

# Committing Changes to the GitLab Repository

Lab 9.1c

1 minute

## Lab objectives

You will achieve the following objectives:

- Commit the changes to the Loaner Request application to the GitLab repository's master branch.

## A. Committing the Changes

1. In Studio, open **Source Control > Commit Changes**.
2. Select **Continue**.
3. Add a Commit Message: **Loaner Request Application with Service Catalog labs completed**.
4. Select **Commit Files**.
5. When the changes are committed, select **Close**.

**Congratulations! You have completed this lab.**
